There once was a boy named Deacon.

Spirited and energetic, he threw himself into living. He tried *everything* and developed a love of God, excavators, video games, anything with wheels, sports, superheroes, trouble-making, cheese fries, boating, cliff-jumping, and the elusive Bigfoot.

Even more, Deacon thrived on loving people. He won everyone over with his smile, wit, and enthusiasm. He was **all-inclusive, fearless, and free with his love.**

Deacon proved that life can be abundantly lived in just 7 years. This card, along with the act of kindness provided with it, represent just a piece of his loving spirit. We encourage you to pay this love forward to someone else.
